Welcome to 2019

We will be playing the latest Computer version. No micro managers are to be used, please just send stats after the series

Hit and run is the main offensive weapon. Batters any hitter with 2 31s. Runners Kingery, Dustin Fowler, and Niko Goodrum

Not enough attempts to steal straight up.

Sacrifice Dexter Fowler, Dustin Fowler, Beckham, Brinson, any time runner on 2<sup>nd</sup> 0 or 1 out.

Sac Flies any runner with speed at or above 15 please try to advance when 22+ chance or balls hit deep to 31 or less armed outfielders.

Take extra base when well around or around and outfielder is in the gap or 30 or less arm never take third on a double with no one on.

Try to move the trailing runner if speed is 15 plus

Pinch run for slow runner in 8<sup>th</sup> or later if they are tying or winning runner use Kingery, one of the Fowler brothers, or Beckham

Defense

Replace any OF1 with OF2 when leading after we bat in the 8<sup>th</sup>.

Play for the double play when leading and runner on third is not tying run or if the double play gets us out of the inning. Play in with less than 2 outs and runner is winning or tying run in 8<sup>th</sup> or 9<sup>th</sup> or extra innings.

Hold runners and pitch from the stretch as per default.

Throw for winning or tying runs at the plate in 6<sup>th</sup> or later. Keep the double play in order always.

Intentional walk only when absolutely needed don't let best hitter beat us in bottom of the 9<sup>th</sup> if weaker hitter follows.

Injury subs 1B move Solarte, Kingery, then Beckham as needed in the infield, outfield spare OF DH Kingery or Beckham

2019 INSTRUCTIONS

Pitching

Starters should pitch to fatigue. No pitcher is removed while pitching a shutout and no starter should go past 11 innings

Relievers

We have 48 starts of grade 4 and 5 so that will present some challenges. We are looking for these starts to use valets to get us to the mid innings when needed. If they do well and are not blown out keep them in for one grade reduction is ok. The general idea is to mix and max as we need.

I would like most pitchers to give at least an inning. The matching is when he enters we are not under any illusions, five pitching changes to get two outs is not required or expected.

Valets and Blowout specialists

Hildenberger, Vargas, Maton and Rucinski will rotate through if the pitcher is pounded out or needs to be relieved. Pitch to fatigue and hopefully get us to the 5<sup>th</sup>

Innings 5-7 Blevins, Winkler, Colome, and Hildenberger can be used here as well if needed

Innings 8-9. Buchter is the closer if you need to label one pitcher here. Castro is the main set up pitcher. Colome and Blevins can be used here as well.
