

# 2020 Warrenton Giants

## Default Instructions

The Warrenton Giants have elected not to use a designated hitter. **Please invalidate the DH** for the Giants when loading the lineups.

**Starting Pitching:** The starting rotation is bad should stay in until either they are pounded out or it is a save situation

**Bullpen:** CoonRod has the best grade but never should be used for more than an inning. Otherwise mix and match.

**Hit & Run:** I like to use it to stay out of a double play or to advance a player into scoring position or to get extra hit numbers versus high grades.

**Stealing:** Trout, Gordon and Tucker are the only players with any number of steals.

**Pinch Hitting, Pinch Running:** Your discretion but keep in mind double switches.

**Defensive Replacement:** When the Giants lead in the late innings of a close game bring the best gloves available.

**Base Running:** I like to be aggressive. I would rather a player be thrown out on the bases than left to die there. Force the other team to make the perfect play and make errors.

**Infield Depth:** Play **"DEEP"** for the DP, unless the tying or go ahead run is on 3<sup>rd</sup> in late innings.

**Home Game Version:** Master Game.

**Road Mangers:** Sending of scripts or score sheets is optional. If computer players wish to use a micro manager let me know and I will send you one I created.

**Primarily, have fun.** These instructions are meant as a guideline. Do not be afraid to do something else if it makes sense to do so.
