

2023 Warrenton Giants

Default Instructions

Owner: “Trader” Jack Chapman

General Manager: Buster Posey

Pitching: This is an average pitching staff. The starting staff consists of a couple grade B’s and a couple grade C’s and the rest D’s. I expect that there will be a number of games where the starter takes one for the team. The bullpen is about the same but it does boast a closer, Stanek, that is about as wild as you get. No one in their right mind digs in against him.

Hit & Run: I like to use it to stay out of a double play or to advance a player into scoring position or to get extra hit numbers versus high grades.

Stealing: This is not a team fleet of foot. Bogarts and Yastrzemski are the only players with any attempts but use sparingly if at all.

Pinch Hitting, Pinch Running: Your discretion. Not much need for this with a designated hitter.

Defensive Replacement: When the Giants lead in the late innings of a close game bring the best gloves available.

Base Running: I like to be aggressive. I would rather a player be thrown out on the bases than left to die there. Force the other team to make the perfect play and make errors.

Infield Depth: Play “DEEP” for the DP, unless the tying or go ahead run is on 3rd in late innings.

Home Game Version: Master Game.

Road Managers: Sending of scripts or score sheets is optional. If computer players wish to use a micro manager let me know and I will send you one, I created.

Primarily, have fun. These instructions are meant as a guideline. Do not be afraid to do something else if it makes sense to do so.

The hardest thing to do in sport is hit a baseball,
and after you do that you’ll still probably be out.
